

TECHNICAL DATA SHEET

XPS Shower Hob

2000x75x65 mm

PRODUCT DESCRIPTION

CALDO XPS (extruded polystyrene) shower hobs are used to contain water within a shower enclosure. The use of the CALDO hobs together with the CALDO shower trays is to create a shower tank.

Available in 4 sizes.

SIMPLE AND EAST TO CUT

Very simple to cut to length and join on site to build your tiled shower space no matter the shape or size.

INSTALLATION

For fixing CALDO shower hobs to the substrate use cement based flexible tile adhesive.

Use a BRANZ Appraised waterproofing membrane appraised for use in wet areas.

Flexible waterproof tile adhesive for bonding the stone or ceramic tiles to the CALDO shower hobs.

PACKING

Separate cartoon boxes for 4 shower hobs.

STORAGE

These must be stored indoor, up/off concrete floors, in dry conditions, out of direct sunlight and extreme temperatures.
